## Smart 5" Digital Dashboard

The KM3000 is equipped with a new 5" Smart Digital Dashboard featuring IoT Connectivity providing riders with advanced telemetry and performance statistics.

## Openable Frunk

The KM3000 features an Openable Front Tank (Frunk), providing riders with a secure and easily accessible storage space.

## Aerodynamic Design

The KM3000 Mark 02 is engineered with a focus on aerodynamics, optimising the bike's shape to minimize air resistance and enhance performance. This design provides improved control and speed, particularly beneficial during high-speed rides.

## Projector Headlamps

The KM3000 is fitted with projector headlamps that provide superior illumination. These headlamps ensure best-in-class visibility and safety, making night riding safer and more comfortable.

## India's first Gen4 Modular LFP Battery Pack

The KM3000 Mark 02 is powered by India's first Generation 4 Modular LFP Battery Pack. This modular system adopts a high-tech stack similar to those used in high-performance electric cars, offering increased efficiency and a longer lifespan.

## Twin Disc Brakes with Dual CBS

The KM3000 features robust front and rear disc brakes integrated with a Dual CBS enhancing braking efficiency and stability, critical for high-speed riding.

## Powered by Foxconn Powertrain

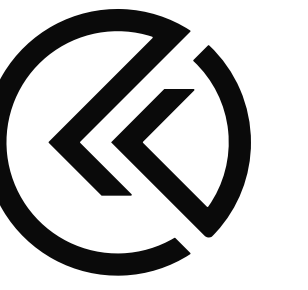

Powering the KM3000 is a high-performance 12kW BLDC Hub Motor from Foxconn, designed to deliver exceptional power and reliability, ensuring top-tier performance tailored for sports biking.
